

# IRISH HOPEFUL AT OFFER MADE ON PEACE PLAN

Terms of Lloyd-George's  
Proposal to De Valera  
Held Secret.

## SMUTS LEAVES MON.

South African Premier to  
Offer Services to Irish  
Leaders.

(By the Associated Press)  
DUBLIN, July 23.—The impres-  
sion is growing here that the Irish  
peace offer made by Premier Lloyd  
George to Eamonn de Valera, the  
republican leader, will work out a  
settlement. The terms of the offer  
are still being held in the strictest  
confidence.

## ULSTER IS SECURED IN BRITISH PROPOSAL

LONDON, July 23.—The outstand-  
ing feature of the government's  
Irish proposal to Eamonn de Valera  
is a concession of fiscal autonomy,  
it was stated on high authority here  
today. The position of Ulster is  
amply secured.

General Jan C. Smuts, the South  
African premier, is expected to leave  
London for Ireland early next week,  
probably Monday, to place his ser-  
vices at the disposal of both Eamonn  
de Valera, the republican leader, and  
Sir James Craig, the Ulster  
premier, during their critical con-  
sideration of the Irish peace pro-  
posals made by Premier Lloyd  
George.

This statement was made today  
in a quarter close to the South Afri-  
can circles.  
In circles which closely observe  
the developments of the Irish situ-  
ation much satisfaction is expressed  
at the probability of General Smuts'  
re-entry into the negotiations. This  
is particularly the case in view of  
the persistent reports that the Brit-  
ish prime minister's offer, submitted  
to De Valera Thursday, included a  
pledge for dominion home rule for  
Ireland on the line of the South  
African constitution.

# CAR STOLEN FROM ROFF MAN FRIDAY

Sheriff's Office Hot in the  
Search of Information  
on Thieves.

Work of what is believed to be  
an organized band of automobile  
thieves operating in the county crop-  
ped out again last night when a new  
five passenger Buick touring car  
was taken from the garage of Joe  
Thomas of Roff.

A description of the car was given  
to the county sheriff's office this  
morning and officers spread news  
of the theft over the state. The  
car was a 1921 model, and bore a  
1921 tag, the number of which was  
1479990. The motor number is 740-  
581 and the car had a spring bump-  
er on the front, according to in-  
formation furnished County Sheriff  
Bob Duncan. It is not known at  
what time in the night the car was  
taken nor what direction the thieves  
went.

A reward of \$100 for the car and  
\$150 for the thief has been offered.

Officers have increased their  
watch for clues leading to the dis-  
appearance of cars in Pontotoc coun-  
ty. Several arrests have been made  
recently and two men have been  
bound over to the district court  
within the last week on charges of  
car theft. The preliminaries of three  
others on similar charges will be  
held next week. Two cars, believed  
to have been stolen from owners  
at Maxwell and Allen, are being held  
by the sheriff's office as evidence  
in the auto theft cases.

## GREEKS ARE ADVANCING ON TURKISH POSITION

CONSTANTINOPLE, July 23.—The  
Greeks are now advancing on  
the Brussa front. They dislodged  
the Turks from several fortified  
positions and have reached Incun-  
28 miles east of Brussa. It is pos-  
sible the Turks will be forced to  
abandon the Brussa and Ismid  
front.

munication tonight

the purpose of work  
in Entered Apprentice Degree.

# State Business Expected To Be on Sound Basis At Opening of Another Year

(By the Associated Press)  
OKLAHOMA CITY, July 22.—  
General business conditions in Okla-  
homa are defined as optimistic for  
the beginning of 1922 but slightly  
depressing for the present, as the  
result of a questionnaire sent out  
over Oklahoma by Claude E. Con-  
nally, state labor commissioner.

Answers to seven questions asked  
in the questionnaire, as averaged into  
general statements by Mr. Connally,  
are the basis for his declaration, he  
says.

No effort is being made by in-  
dustries to stimulate business, the  
report states. There is a general  
shortage of medium priced houses  
for residential purposes. The rents  
are generally exorbitant with but  
few reductions from the peak. Mr.  
Connally says. There is consider-  
able building of residences, but no

# MEASURE GUARDS OF ADA TUESDAY

Local Battery Will Open  
Hard Training for  
Camp August 11.

All men of Battery "F" of the  
Oklahoma National Guard here will  
be measured for uniforms and or-  
ganization of the battery will be  
completed at the first regular meet-  
ing Tuesday night at the City Hall.  
Capt. Robert Kerr announced today.  
Sixty-nine men have been mustered  
in and will start drilling with the  
battery Tuesday.

Although organization of the bat-  
tery has been finished, it is but  
temporary, Captain Kerr said. Non-  
commissioned officers have been as-  
signed but tentatively and all men  
in the outfit will be given a chance  
to show their ability at command-  
ing parts of the battery in drill, he  
said. Non-commissioned officers that  
have been named are a first ser-  
geant, six line sergeants, six cor-  
porals, and a stable sergeant. A  
cook has been enlisted for duty on  
the camp, it was announced  
today. Names of regularly assigned  
non-commissioned officers for the  
battery will not be announced un-  
til after the outfit returns from its  
first camp at Fort Sill.

First Work Simple.  
Preliminary work to be given the  
battery will be infantry drill or  
work in the school of the soldier,  
officers have announced. It is prob-  
able that all the time Tuesday night  
will be taken up in getting meas-  
urements for uniforms, Kerr be-  
lieves.

Time is short until the battery  
will go into camp. Only two or  
three drill nights at most can be  
squeezed in before August 11, it  
was pointed out, and men of the  
battery have been urged to attend  
every formation. Sixty percent of  
the men in the battery must be  
present at every drill for any of the  
men to get pay according to guard  
regulations. Salaries of guard pri-  
vates will be about \$1 a day for days  
of actual service.

After the Ada battery returns  
from two weeks training at Fort  
Sill it will be ready for an exhibi-  
tion drill here, Captain Kerr stated.  
At that time all equipment will be  
on the ground and men of the out-  
fit are expected to be familiar with  
its use.

# FARMERS SELLING PRO- DUCE, MAKING PROFIT

A farmer, whose name could not  
be learned, came into the city this  
morning with fifty frying chickens,  
entering the city on the Bird's Mill  
road in Belmont Addition. Before  
he had reached Twentieth street he  
had sold all the birds for a total  
of \$37.50. His time of selling was  
two hours.

There are other farmers in this  
trade territory selling on an aver-  
age of more than \$50 worth of  
dairy products a week, or more than  
\$200 a month. These men use the  
dairy as a side-line to their general  
farming, and the money picked up  
is almost velvet. Naturally there are  
many sidelines for any one with a  
few dairy cows, such as chickens,  
hogs, the fertilizer and the growth  
of the herd.

## ALLEGED HIGHWAYMAN MAKES BOND FOR \$2000

Bob Stevens, one of the two men  
charged with highway robbery in  
Ada last Saturday night when he  
and Buck Jones are alleged to have  
held up Doc Corbett and taken  
about \$1.50 in change from his  
pockets in a dark place on North  
Broadway, made bond Friday for  
\$2,000 more of Justice of the Peace  
W. H. Fisher. The hearing of the  
two men is set for Monday.

# STILL IS TAKEN, THREE ARRESTED IN RAID FRIDAY

Plant Thought to be Most  
Modern Ever Taken in  
County.

## CAR IS CONFISCATED

Men May Face State and  
Federal Charges Says  
County Attorney.

Three men were arrested an auto-  
mobile confiscated, an elaborate  
still which is said to be one of the  
most modern and complete ever cap-  
tured in the county was captured,  
and a stock of liquor, distilled and  
ready for distillation, seized when  
county officers and Ed Brents, chief  
enforcement officer raided a "plant"  
southwest of the city late yesterday.

All the equipment seized was de-  
posited in the yard of the county  
jail back of the court house this  
morning. Although charges against  
the three men had not been filed  
early today, they probably will face  
both federal and state counts, As-  
sistant County Attorney H. G. Ma-  
this said this morning. Those ar-  
rested are J. C. Foster, Will Arnold,  
and Walter Grigsby. Officers who  
made the arrests are J. B. Chapman  
and Henry Whitson, deputy sher-  
iffs and Ed Brents.

A tank, worm and a gas burner  
which are said to have shown signs  
of recent use were taken and the  
car in which officers said they  
found a quantity of whiskey was  
confiscated. Information furnished  
the county attorney's office this  
morning was that some "stock" was  
on hand at the still, a quantity of  
beer for distillation was found, and  
some liquor was located in the auto-  
mobile. The still was found on the  
Fussell farm, ten miles southwest of  
Ada, according to officers.

# MOB HANGS WHITE CONVICT TO TREE

Casey Jones, Under Sen-  
tence of Death, Taken  
From Jail.

(By the Associated Press)  
HATTIESBURG, Miss., July 23.—  
Casey Jones, white, recently convict-  
ed of the murder of Mrs. J. L.  
Mosely and sentenced to be hanged  
July 18, but whose case was pend-  
ing an appeal before the state su-  
preme court, was taken from the  
county jail by a mob early this  
morning and hanged in the court-  
house yard.

Sheriff William Edmonson, a deputy  
sheriff and the jailer were sitting  
on the back steps of the court-  
house facing the jail when they  
saw the mob bearing down upon  
them. They were surrounded by  
the men, who were heavily armed,  
and ordered to surrender the pris-  
oner or the jail would be broken  
into.

Mr. McKenzie, the jailer, who had  
the keys, refused to surrender them  
and the mob proceeded to break  
down the door of the jail.  
Although not a shot was fired, it  
is understood that the prisoner put  
up a desperate struggle, getting pos-  
session of a razor and badly cutting  
one of the members of the mob and  
hitting another over the head with  
a chair. He was overpowered, how-  
ever, given a terrific blow over the  
back of the head, and then carried  
down to the tree.

The crime for which Jones was  
convicted occurred in the home of  
Mrs. Mosely where Jones was board-  
ing. It is alleged that he shot her  
after he had been notified to move  
from the house. Her husband, who  
was working in the garden at the  
time, heard the shot, rushed into  
the house and shot Jones, severely  
wounding him. Mrs. Mosely was  
paralyzed from the effect of the  
bullets and died about a month  
later.

# 552 NAMES ENLISTED FOR CITIZEN CAMPS

(By the Associated Press)  
OMAHA, July 23.—Approved ap-  
plications of young men of the mid-  
dle west who are to attend the Cit-  
izens' Military Training camps at  
Fort Snelling, Minn., and Camp  
Pike, Ark., August 1 to 30, totaled  
five hundred and eighty-two on July  
10, according to a report made  
public by Major Fred L. Lemon, as-  
sistant adjutant at Fort Crook, Neb.,  
in charge of recruiting the men.

# Work Is Being Rushed on Improving Lawrence Road And Marking off Highway

Work on the Lawrence road is  
advancing faster than was expected  
and the stretch probably will be im-  
proved beyond schedule, Henry  
Kroth, former county commissioner,  
who is superintending the work  
said this morning.

The county has three trucks  
hauling chat and the concrete cul-  
vert on the new stretch of road  
which the county has contracted for  
will soon be completed, he said.  
"The Cement company is co-oper-  
ating in every way possible. They  
have furnished men and a drill for  
making the drainage and powder  
for blasting. In addition to this they  
have given the chat at Webster and  
have rigged up a loader to facilitate  
the loading of chat.

"The Good Roads Motor club has  
a full crew working and three wag-  
ons hauling chat, and a tractor

# ADA MAY GET BIG WAREHOUSE SOON

Oklahoma Cotton Growers  
Association Will Build  
Several.

That Ada has an opportunity to  
get one of the big cotton ware-  
houses to be erected by the Okla-  
homa Cotton Growers Association is  
the information obtained in a letter  
received today by N. T. McAlister  
from P. W. Vaughn, one of the di-  
rectors.

In order to build the warehouses  
under the contract signed by the  
members of the Association, it is  
necessary to sell preferred stock or  
bonds. It is likely, according to Mr.  
McAlister, that the people in cities  
in which the warehouses are lo-  
cated will be asked to purchase a  
part of this stock, which will draw  
8 percent and is to be taken up by  
the Association members in from  
one to seven years.

Mr. Vaughn's letter follows:  
"The warehouse committee, of  
the Oklahoma Cotton Growers Assn.,  
had a meeting at Oklahoma City,  
July 18th and 19th but, owing to  
the fact that we had no informa-  
tion as to the cost of buildings  
suitable for cotton storage, we had  
to consult with some engineers who  
have been constructing such build-  
ings, and they have agreed to sub-  
mit some plans and specifications  
early in August.

"I am still of the opinion that  
Ada would be a very desirable place  
to locate a warehouse, and if you  
think it advisable, you might take  
the matter up with some of the  
business men, and see what their at-  
titude is toward financing the pro-  
position, as per the terms of our con-  
tract, but I think I mentioned this  
to you when I was there.

"There is strong talk of a build-  
ing at Shawnee, and the director of  
that district is arranging for a meet-  
ing in the near future, and it is  
quite likely the entire committee  
will attend and try and get enough  
money subscribed to put up the  
building in time to store the late  
cotton, as we are of the opinion  
that is the only cotton we will need  
storage for this year at least.

"I suppose you saw in the papers  
what the Oklahoma City Clearing  
House did for the Association last  
Monday p. m. that was very nice of  
them, and puts the association in a  
financial position, where it can  
handle this year's cotton crop very  
nicely. However, we will have some  
more very interesting information  
to hand out in the near future along  
this line.

"Please let me know how the  
people feel in regard to the ware-  
house proposition at an early date."

# MEXICAN FIRES IN OIL FIELDS ARE CUT TODAY

(By the Associated Press)  
MEXICO CITY, July 23.—The  
fire which broke out in the Amatlan  
field Wednesday, causing a  
property damage estimated at sev-  
eral million dollars, has been re-  
duced to two wells, which are still  
burning fiercely.

## (By the Associated Press)

PITTSBURGH, Pa., July 23.—  
Four thousand men, working at top  
speed in six hour relays, are striv-  
ing to prevent the further spread  
of the oil fire which since last  
Wednesday has caused a loss amount-  
ing to several million dollars, in  
the Amatlan oil field of Mexico, ac-  
cording to advices received by Pitts-  
burgh oil companies operating in  
that field.

Twenty-four boilers have been  
set up not far from the fire and  
steam is being forced into the oil  
as it spouts from the casings. All  
the derricks on lot 162, where the  
fire started, have been burned  
down, but the fire fighters have suc-  
ceeded in covering the wells with  
mounds of earth.

# SMALL IS STILL DEFIANT IN HIS RESISTING JAIL

Illinois Governor Confers  
With Chicago Mayor on  
Charges.

## TUESDAY MENTIONED

Counsel Argues That Chief  
Executive Cannot Be  
Arrested.

(By the Associated Press)  
CHICAGO, July 23.—Governor  
Len Small, accompanied by his son  
Leslie Small, Captain John English  
and three bodyguards, arrived from  
Springfield this morning and went  
immediately into a conference at  
a hotel with Mayor William Hale  
Thompson and Fred Lundin. The  
governor declined to talk to the  
dictum brought against him alleg-  
ing embezzlement and confidence  
games of Illinois state funds while  
state treasurer.

## Is Still Defiant.

SPRINGFIELD, Ill., July 23.—  
Governor Len Small, under indit-  
ment for embezzlement and conspir-  
acy to defraud the state, still de-  
fied arrest by Sangamon county  
authorities Friday night and sat  
triumphantly at the head of the  
state government, apparently secure  
until next Tuesday at least, from  
interferences by deputies from  
Sheriff Mester's office.

His counsel, arguing that the  
governor, because of his position  
as chief executive of the state, is  
above the reach of the law, ap-  
peared before Judge E. S. Smith Fri-  
day as "friends of the court" to of-  
fer opinions but not to present any  
motions, they declared.

Counsel for the governor indicated  
that they will remain firm on their  
stand of immunity. The next move,  
so far as the governor is concerned  
depends upon the initiative of Judge  
Smith.

Whether there was any signifi-  
cance in the mention of next Tues-  
day the jurist did not say. He said  
he would wait to see what the go-  
vernor would do but refused to sat  
any limit on the time he would wait.

# HUNDREDS VISIT CITY FOR RALLY

Farm Clubs Meet at Normal  
Today to Discuss Many  
Problems.

Crowds of farmers began arriving  
in Ada early this morning and in-  
creased toward noon to attend the  
annual Farmers' Union rally to be  
held on the Normal campus today  
in connection with meetings of  
boys' and girls' farm clubs. More  
than a thousand visitors are ex-  
pected here today for the joint  
event.

Numbers on the program are not  
expected to open until this after-  
noon, following a basket luncheon  
in which all visitors will participate.  
The dinner was held on the Normal  
campus. Distinguished visitors were  
to be on the program this afternoon  
but some doubt was expressed this  
morning by County Farm Agent  
J. B. Hill that some of the speak-  
ers will arrive.

It was thought certain that John  
A. Simpson, state president of the  
Farmers' Union, would be here to  
speak this afternoon. He was sched-  
uled to arrive in the city this morn-  
ing and after an address this after-  
noon was booked to leave for Hol-  
denville to attend another such ral-  
ly. John A. Whitehurst, president  
of the State Board of Agriculture,  
was expected here to be a speaker  
on the program but left Oklahoma  
City this morning for Stillwater,  
where he will inspect and supervise  
the construction and changes of  
certain buildings at the Oklahoma  
A. and M. college, a message from  
the capital said.

Gov. J. B. Robertson, who also  
was to have spoken here, is under-  
stood to have been in Ardmore,  
where he met members of Okla-  
homa Boys' and Girls' Club in an  
encampment under the direction of  
the state board of agriculture.

## IT PAYS

The Globe, one of the pro-  
gressive stores of Ada, after  
advertising a sale in the Ada  
Weekly News has so many  
customers at the opening Fri-  
day that congestion ensued.  
One counter was smashed and  
a table or two demolished.  
Of course, the proprietor of  
the store is not objecting to  
the rush and it is not regretting  
the slight damage to the fix-  
tures.

## HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of that Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial."—Mrs. Robert Block, Box 542, Hopkins, Minn.

It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sinking spells, spots before the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## BAPTIST MEETING WILL END SUNDAY

Revivalist Shows Pity of Half-baked Life in Sermon Friday.

Services tomorrow night will close the two weeks revival which has been in progress at the First Baptist church, according to announcements made at last night's service by Rev. C. C. Morris, pastor.

At 10:30 this morning, Dr. J. M. Dawson, revivalist, was to speak at the church on "What is Heaven?" The service was especially planned for old people and members of the church were asked to assist in getting out a good crowd of "shut-ins" of the city. Tomorrow morning at 10:30, Dr. Dawson will speak to the men of Ada at the McSwain theatre. At the same hour, Mrs. Dawson will address women and girls at the First Baptist church. Sunday afternoon at 3:30 the ordinance of baptism will be administered in the church. At this time, Dr. Dawson will speak on "Scriptural Baptism."

Last night Dr. Dawson spoke on "The Comedy and the Tragedy of Half-baked Lives" to a crowd that overflowed the out-of-doors auditorium on South Broadway. Taking as his text "Ephraim is a cake half turned," the speaker pointed out the tragedy of human lives that were "half-cooked" in any respect. "There are thousands of people to day who are Ephraimites, half turned, and lacking in thoroughness," he declared.

One Sided Education. Continuing, the evangelist said in part: "In respect to religious knowledge. The ignorance of our modern college students on the Bible is a common joke. A university senior when called upon at one time to quote a verse of scripture said: 'And Moses spoke to Paul out of the whole me to be a Christian.'"

The revivalist pointed out the fact that 12 per cent of our soldiers during the war were illiterate but declared that almost 80 per cent knew nothing of the Bible. "The only kind of knowledge that will save and uplift society is a thorough knowledge," he added. "We send out children to school five days in the week to study reading and writing and arithmetic but think they're lucky if they go to Sunday school 30 minutes a week to learn of Christianity. That is the result of our half-baked religion which alone explains the fact that most of our people keep expensive leather-bound Bibles on their library tables and never open them except to record a birth or a marriage."

## GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostler, a well-known farmer of this place. Mr. Bostler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoma farmer. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

## THE TARIFF BILL

"To the victor belongs the spoils," seems to have been taken as the motto of the republicans in passing the latest tariff bill, the most typical example of unjust legislation heard of in many a day. If the senate does not undo much of the evil and injustice in the Fordney bill, it will go down in history as a miscarriage of the people's wants and turn the country back into the democratic column by as large a majority as it went republican less than a year ago.

The republicans seem to have forgotten that Oklahoma and Tennessee went republican, in carrying out the spoils idea. Everything that New England wants is in the bill. Everything the South and West want is left out. The bill is sectional, built on prejudice and will be carried out to make the rich richer and the poor poorer.

Taken as a whole, the bill was constructed for the north-eastern section of the country at the expense of the rest. The raw materials needed by the manufacturing interests of that section are left on the free list and the finished products of those factories protected. In other words, the farmer and stockraiser of the South and West must get by the best they can or not at all while the manufacturer of cotton goods, woolen goods and leather products will have no competition from the outside.

The republicans refused to put a duty on oil because oil is limited in supply and encouragement should be given to those wanting to ship oil in from other countries. At the same time they refused to put a duty on hides, not for any similar reason, but because the shoe makers of the northeast want cheap hides in order that fifty cents worth of hides will make twenty-five dollars worth of shoes.

While republican senators are clamoring, openly at least, for regulation of the packers, the republican house is making it possible for the packers to ship in the hides from the big South American ranches and bankrupt the cattlemen of the Southwest.

We can conceive of a protective tariff that would be fair, but the Fordney bill certainly lacks a single element of fairness. It was conceived in prejudice, passed in utter disregard to the interests of the whole nation and will last only long enough for the American voters to get a chance at it. We hope the senate will put the bill in decent shape, but we believe the injustices will not be corrected until after the fall of 1922 when the American voters will give their opinion of it.

## THUNDERS OF SILENCE

A few years ago Irvin S. Cobb published a story, picturing a United States senator about whom the newspapers and magazines had agreed to say nothing. Naturally the senator was soon forgotten and died in some by-way place, forgotten and unremembered.

Not long back H. G. Wells, a brilliant writer of fiction, published a series of articles in the Saturday Evening Post, giving his reasons for believing we should have a new Bible. We take it a few thousand waded through the tiresome stuff and forgot it. Aside from the unusualness of the statements made, the articles were not interesting and not particularly well done. Let alone, they would have done no good and no harm.

But forgetting that in silence there is oftentimes more power than in speaking, some of the zealous church folk are giving to the four winds of the earth articles about the Wells near-comedy. They are calling to them the attention of thousands who had never heard of Wells and never would have heard of him, but for their zeal in combating what they believe is evil doctrine. They are likely to make something serious out of something that would otherwise never have amounted to anything.

Not long ago a well known criminal was on trial for robbing a bank. The evidence was so strong that the defense attorneys realized the folly of trying to prove an alibi or even to disprove the statements of the state's witnesses. In desperation, the attorneys for the criminal set up a plea of insanity. They contended that the man's father was insane, that his brothers and sisters were not exactly normal, and gave other reasons for believing the criminal himself was insane.

The prosecuting attorney ignored the plea of insanity, realizing that to discuss it would be to dignify the plea and make the jurors believe there might be something to it. He showed his keen sense of values and his knowledge of men.

In recognizing the Wells articles as anything but idle chatter the zealous church workers are raising them to the dignity of serious thought. Frankly, we believe Wells had no idea of trying to undermine the faith of anyone or to cause a bit of doubt to arise in the minds of those who believe in the Bible as it stands. He makes his living by his type-writing, and he was merely indulging in one of his whims, and he indulges in them quite often.

Let little articles like these be forgotten, in the same manner that a joke on the street is forgotten. By taking issue with the statements, we may make them noticeable.

## The Evening News

Comments given below do not necessarily reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

**Trials in Name Only**  
Muskogee Phoenix: The white-washing of German war criminals at Leipzig, under the camouflage of trials of justice, has gone far enough to convince those who accepted in good faith the offer of the German government to try those accused of violations that it was merely another Hun trick. Every principle for which the allies fought in the war demands that they withdraw from the farcical proceedings.

Two petty officers were convicted and sentenced to a few months in jail. Then Lieutenant Karl Neumann was placed on trial. Neumann sank the British hospital ship Dover Castle, taking the lives of many disabled persons. The jury acquitted Neumann on the grounds that he was only acting under order of his superiors and should not be held personally responsible for the crime of sinking a hospital ship in time of war.

If the principle under which Neumann was acquitted is to be the guide for future trials of persons accused by the allies, there is no reason why the farce should be continued. If the men higher up cannot be held responsible for the orders they gave to sink and burn, it is the height of folly to seek justice through the conviction of petty officers or private soldiers in the German ranks.

**Let's Get the Facts on Price Fixing**  
Kansas City Times: The state attorney general's office does well to undertake an investigation into the whole question of fixing of prices on building material. Certain facts so far brought out are calculated to arouse the suspicion. Competition in business is the public's sole guarantee of fair treatment. Where the evidence indicates that competition is suspended, there is always occasion for anxiety.

If the material men have treated their customers fairly, if they have done nothing wrong, they have nothing to fear. People are perfectly willing to see men get a reasonable profit. They know business cannot survive on any other basis. If the dealers have been guilty of wrong practices, then it is only just that the facts should be brought out and the abuses corrected.

An atmosphere of suspicion is exceedingly harmful to industry. A thorough investigation by the state officials should help clear the air.

## Japanese Court May be Made Simple Now Is Word from Tokio

(By the Associated Press)  
TOKIO, July 23.—Changes, domestic in nature will probably be made for the court life of Japan and in the relations of the Imperial family to the people, as a result of the visit of Prince Hirohito to Europe. It is likely that the printing of photographs of members of the Imperial family in newspapers and magazines will be permitted. The military guards which are always established on the occasion of a visit of a member of the Imperial family to any place outside the palace will also be simplified, if the suggestions which have been formulated by officers of the Imperial Household are accepted. According to one report, the household department requested the Crown Prince to inquire while he is abroad as to the customs which are followed in the royal family of Great Britain and as to the social works which are undertaken by them. It is assumed that these customs and practices which exist in Great Britain will be adopted here following the Crown Prince's return to Japan.

## YOU CAN'T TELL BY CLOTHES HOW THE MIND WORKS

(By the Associated Press)  
OKLAHOMA CITY, July 23.—An Oklahoma City amusement resort has become a mecca for city book lovers, and a check by a local newspaper to see if the nature of the book each person was reading could be made by the type of clothing worn, produced the following results:

A woman with white hair, auburn complexion, and wearing a short striped skirt was reading of adventures in darkest Africa, a history and was absorbed in it.

A young girl was eating chocolates and reading a paper backed book by one of the newer American authors critics have classified as serious minded. A Boy Scout, lying on the ground beside her was reading "Shop Practices and Cost Estimates," by an unknown author, but when questioned if he wished some lighter racy reading of fiction, he said "No, go away, don't bother me."

A thin pale woman, dressed in black, and evidently in mourning, was reading a humorous publication and a robust man clad in blue overalls and a jumper, mused over a book of English poems. Other contrasts between dress and apparent inclination, the newspaper says, were as marked.

From which, the conclusion was drawn editorially that a majority of persons, who enjoy reading, try to read something which takes them away from continual contemplation of self, yet with an idea toward broader knowledge.

The investigation was continued three weeks.  
Dr. Warner, D. O., the eyesight specialist, will visit Ada every third week; office with Peoples Drug store, 219 East Main street. Have your eyes examined and proper glasses fitted. No extra charge for residence calls. Phone 662 for appointments and date of next visit. 6-22-Imo.

## ADA VETERANS OF SPANISH WAR ARE INVITED TO MEET

Ada veterans of the Spanish-American war have been invited to attend the annual state encampment which opens at Oklahoma City July 29.

The meeting may be continued for three days, depending upon the volume of business to be transacted. All Spanish War veterans in the state of Oklahoma are urged to attend this meeting by National Inspector O. W. Meier, who comes from Lincoln, Nebraska, to attend the encampment.

Twenty-one camps of Spanish War Veterans in the state of Oklahoma are entitled to representation in the encampment. These camps are located at Guthrie, Enid, Oklahoma City, Muskogee, Vinita, Lawton, Wagoner, Chandler, Chickasha, El Reno, Stillwater, McAlester, Shawnee, Bartlesville, Tulsa, Ft. Sil, Alva, Woodward, Altus, Pawhuska and Frederick. Several other cities in Oklahoma are asking for charters for camps, which will be considered at the encampment.

If business of the encampment is not finished on July 29, the meeting will be continued into the following days and may not be concluded until August 1. State officers of the organization of United Spanish War Veterans for Oklahoma are: Commander Orval Johnson, Adjutant Fred Hunter, and Quartermaster Frank Northrup, all of Oklahoma City. A complete new set of officers are to be elected at the encampment. The encampment will be a reunion of all Spanish War veterans of Oklahoma.

## SHOULD USE CARE ABOUT DONATIONS

Should Investigate Money Schemes, Says C. of C. Secretary.

All organizations and individuals of Ada and Pontotoc County should be careful about approving or donating money for any purpose, unless a thorough investigation is made into the merits of the cause and the disposition of all money, according to D. N. Walker, Secretary of the Chamber of Commerce.

"Here of late," says Mr. Walker, "there is simply an avalanche of men and women seeking money for this purpose and that purpose. Some of them have worthy motives; some do not. Some have worthy motives, but there is no provision as to how funds will be spent and no assurance that any of the funds will be spent for the cause donated."

"I feel that we want to do our part in all worthy causes. I know the citizens of this town in particular want to have a part in meritorious enterprises, but I know that no one wants to give money for some cause not worthy and that after knowing the cause is worthy they want assurance that the money will be spent honestly and efficiently."

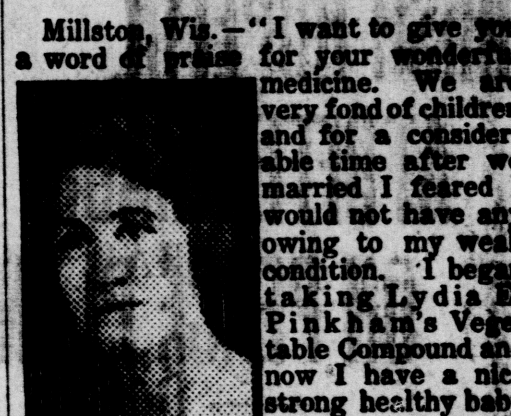

"Grafters and beggars and thieves are going about the country hunting for money. Some of them are claiming that they intend to spend the money for one thing, some for another. We turn over our money and forget about it, and we never know whether this money is put to work or put into the pockets of the beggars."

"Personally and as secretary of the Chamber of Commerce, I want to advise the people to be slow about giving money to strangers, and to urge every organization in the city to be absolutely certain not reasonably so, but absolutely certain that any cause is worthy and the individuals square before any endorsement is given."

## THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis. — "I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly." — Mrs. H. H. JANSSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down and strengthen the entire system, as did Mrs. Janssen, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the blessing of a good constitution.

star cast, and directed by the well known Reginald Barker.

The story is truly dramatic, and deals with the life of a beautiful young girl, Joan, who is imprisoned in a cabin in the mountains of Wyoming, by a liquor crazed father, who has never permitted her to see the outer world. Her opportunity came one night, when her father, more intoxicated than ever before, unthinkingly leaves the only door to the cabin unlocked.

Joan took refuge in a ranch house in the valley, where Pierre, a handsome rugged type of man, is attracted by her beauty, woos and marries her.

Pierre took the girl to the lonely little cabin on his ranch, where they lived and loved devotedly, until Joan's father, much the worse for liquor, appeared at the ranch one day, and warned Pierre that his wife was inheritedly like her mother, who was unfaithful to him and whom he confessedly shot.

tistic with its embroidered flowers  
without being too "villagery" for the  
more conservative.

**BERGDOLL CASE  
DELAYED TODAY  
BY WORD FIGHT**

(By the Associated Press)

WASHINGTON, July 23.—The  
Bergdoll investigating committee  
meeting broke up suddenly today  
after Charles Braun, a witness had  
called Representative Johnson, dem-  
ocrat of Kentucky, of the commit-  
tee, a "liar" and the latter made  
an attempt to reach the witness.

Members of the committee and  
spectators seized Mr. Johnson before  
he reached Braun. The latter was  
taken from the room by the ser-  
geant at arms of the house and  
Chairman Peters announced an ad-  
journment.

Unsatisfied by the answers receiv-  
ed to numerous questions Mr. John-  
son finally looked the witness in  
the eye and said: "You know you  
are not telling the truth."

"You are a liar," Braun replied.  
The rest of the statement being lost  
in the uproar that followed as John-  
son plunged toward the witness.  
Braun said something about being  
"persecuted" as the sergeant-at-  
arms hustled him out of the room.

"I would like to get hold of your  
brother," someone shouted in the  
confusion as he went out.

"Is this committee going to let  
that hater of the American flag  
get away from here without being  
punished?" Johnson demanded.

Braun is the brother of Grover  
Cleveland Bergdoll, escaped draft  
evader, and was called as a witness  
by Major Campbell, whom Mrs.  
Bergdoll charged had accepted \$50-  
000 to aid in her son's escape.

**Woman Thought She Had Right to Send Letter to Dempsey**  
(By the Associated Press)  
PAWHUSKA, July 23.—Testimony in support of her suit for divorce was presented in district court here today by Mrs. Helen Boulanger, accused in a cross petition filed by the husband, R. Boulanger, of writing to Jack Dempsey, world's heavyweight boxing champion, while living under Boulanger's roof. Mrs. Boulanger admitted yesterday on the witness stand that she had written to the pugilist and declared she "did not think there was any harm in it, knowing I was going to leave my husband." Mrs. Boulanger charges cruelty.

PAWHUSKA, July 23.—The hearing of the suit for divorce brought by R. Boulanger in which he accused his wife Helen Boulanger of writing to Jack Dempsey, the world's heavyweight boxing champion, ended suddenly here shortly before noon today when Judge Charles D. Wilson held that the parties to the suit were residents of Kansas rather than Oklahoma. Testimony brought out that Boulanger bought a home in Elgin, Kansas, and removed from the ranch near here eight months ago. According to the testimony Boulanger did this to retain the affections of his wife. Attorneys for both sides joined their efforts to retain an Oklahoma venue. Boulanger's attorney indicated his intention to file a similar suit immediately in Kansas.

Dempsey gets 500 letters a day, mostly from women, at which he never looks, he said in a statement today commenting on testimony in a divorce action at Pawhuska, Okla., concerning which Mrs. Helen Boulanger said she had written to the champion. His manager and assistants take care of this batch of mail for him, Dempsey declared.

Dempsey said he had never seen Mrs. Boulanger and does not know her.

"We get hundreds of letters telling how beautiful the women writers are, and everything, but we don't pay any attention to them unless they ask for a picture, and then sometimes we send a picture," said Teddy Hayes, the pugilist's secretary.

**A Safe, Sane Investment**

Our five passenger "Glenbrook" is a new 1921 car—not an old model re-painted and re-christened for the selling season. Keep that point in mind please. It amounts to a positive guarantee against sudden and unwarranted depreciation.

Furthermore, the price has been reduced to \$1635. You have only to look at the car to realize that no greater value was ever offered before, during or after the war. In fact, no such car was possible until 1921.

These are hard facts, and they are very important. Give them a little consideration and you will understand why the "Glenbrook" is so universally regarded as a safe, sane and profitable investment.

## BLACKS GO BACK WITH TENTS AND SETTLE 'AFRICA'

(By the Associated Press)

TULSA, July 23.—The negroes who left "Little Africa" here the night of the race riots are back again, living on the same grounds in tents and waiting for the construction of 500 homes promised them by the Reconstruction committee of Tulsa, the committee announced today.

In one block, across from a school building not burned by the fire and now being used as a tenement home, approximately 200 negroes are camped. The tents house from seven to twelve persons, but additional tents are daily being placed at the service of the "campers."

The Red Cross is assisting in the construction of wooden floors and sally wells for the temporary homes.

## ADA DEFEATS ROFF IN LISTLESS GAME, 4 TO 0

In one of the slowest games played on the local grounds this season, yesterday afternoon at Fair Park, Ada shut out Roff and crossed the plate four times themselves by a succession of hits in the first, fifth and seventh innings. Never during the entire nine frames was the prowess of the local lads questioned as the invaders would lazily bat and die away.

The red legged representatives of the three letter town started off in the first with a terrific pace, scoring twice on a succession of hits. From then until the long contest ended Roff's Ada men would get on bases only to be put away by a dire lack of pep and a superfluity of laziness. Double plays were a common occurrence, two base hits and singles came in flocks, but the scoring power of the locals was lacking and the game came to a close by a close score that was no indication of the comparative strength of the teams.

Doc Tolliver performed on the hill top for Ada, while Jones threw for Roff.

**Barringer Heights**  
Lots 4 to 11 inclusive, Block 5; all of Blocks 6 and 7; Lots 4 to 11 inclusive; Block 8.

All of the above said lots, blocks and tracts of land being within the corporate limits of the City of Ada, Oklahoma, together with the necessary lines across streets, avenues and alleys, in said City of Ada, Oklahoma, as shown on the plans prepared for such sanitary sewer district, same being fully described and defined in Ordinance No. 464 creating Sewer District No. 15 passed by the Board of Commissioners on the 21st day of June, 1921, and approved by the Mayor and Commissioner of Public Justice and Safety, and attested by the City Clerk and Commissioner of Accounting and Finance, and in the plans, profiles and specifications prepared by Benham & Mullergren, Consulting Engineers, Kansas City, Mo., said plans being adopted by the Board of Commissioners and now on file in the office of the City Clerk and Commissioner of Accounting and Finance.

Bids must be made upon proposal sheets to be furnished by the City. Each bid must be accompanied by a certified check in amount of Two Hundred Dollars (\$200.00) as a guarantee of good faith on the part of the bidder. The check of the successful bidder to be forfeited to the City as admitted liquidated damages in case of failure on the part of the bidder to enter into contract and furnish the required bonds within ten (10) days after the acceptance of his proposal. Certified check shall be made to the order of the City Clerk or the City of Ada, Oklahoma, and shall have no other endorsement or condition thereon. The successful bidder on each district will be required to furnish a Statutory Lien Bond in the full amount of his contract with sureties to be approved by the Board of Commissioners, said bond to guarantee that Contractor will pay all accounts for material, machinery, rental and labor that may become due on account of his operations under the contract. Said bond after being approved by the Board of Commissioners shall be filed by the City Clerk and Commissioner of Accounting and Finance in office of the Court Clerk of Pontotoc County. The successful bidder will be required to furnish on each district a surety construction bond in approximately the full amount of his contract conditioned on the full and faithful performance by him of all covenants and agreements by him made in his contract and on the fulfillment by him of all terms and conditions of plans and specifications.

Said bond shall be in force and effect for a period of six (6) months from the date of acceptance of the work and may if desired be included as a part of the construction bond.

All bids on the district will be opened and considered by the Board of Commissioners at their regular meeting at 2:00 o'clock, P. M. on the 2nd day of August, 1921, and contracts awarded to the lowest and best bidder as soon thereafter as required by the City Charter, the Board of Commissioners reserving the right to reject any and all bids and to readvertise for bids in case none of the bids received are satisfactory.

Each bidder shall accompany his bid with a sworn statement, in writing, that the bidder has not directly or indirectly entered into any agreement, expressed or implied, with any other bidder or bidders having for its object the control of the price and amount of such bids or limiting the number of bidders. No bidder shall divulge said sealed bids to any person whatever except those having a partner-

ship or other financial interests with him in said bid, until after the said bids are opened.

All bids are required to be placed on file in the office of the City Clerk for inspection for two (2) days after opening before the award or rejection of bids can be made. Any and all parties interested are hereby notified that they may appear and protest against or object to said proposed improvement or any part thereof, or any matter or thing in relation thereto, at said meeting of the Board of Commissioners on the 2nd day of August, 1921. Plans and specifications are on file in the office of the City Clerk and Commissioner of Accounting and Finance, Ada, Oklahoma. Plans can be procured upon payment of Ten Dollars (\$10.00) at the office of Benham & Mullergren, 8th Floor Firestone Building, Kansas City, Missouri. ### TURKISH RETREAT IS DESCRIBED IN GREECE

(By the Associated Press)  
ATHENS, July 23.—Details of the battle for and the capture of Eski-Shehr are given most of the space in Greek newspapers. They tell of the disorder which exists among soldiers of the Kemalists army and how the enemy in discouraged flight was forced to abandon munitions and food supplies. The pursuit of the Turks is de-

clared to be going on along the Angora road, cavalry, airplanes and tanks taking part in completing the rout of the Turks.

## BUFFALOES GAINING RAPIDLY IN NUMBER

(By the Associated Press)  
YELLOWSTONE PARK, Wyo., July 23.—The problem of the buffalo has reversed itself.

A few years ago the monarch of the plains was chief figure in the drama of a dying species. The problem today is how to feed and take care of the rapidly multiplying herds.

Yellowstone provides a huge hay ranch for the sole purpose of feeding the buffalo when winter snows have covered the grazing pastures. But so rapidly is the park herd growing that this ranch will soon provide insufficient food.

This question is now being taken back to Washington by Edward C. Pinney, first assistant secretary of the interior, under whose supervision comes the national parks. Mr. Pinney has just ended a tour of inspection here, accompanied by Park Superintendent Horace Albright. To show him the growth of the herd a "buffalo run" was arranged and in a spectacular stampede more than 500 animals were driven down from hill and plateau.

There is still another problem. About 100 young buffalo have made their appearance this year and most of them are bulls. Now bulls are not as popular as cows and yet, under the present laws, they may not be killed. Furthermore park officials already have almost run out of places to give them to.

So the secretary has somewhat of a "pigs is pigs" problem on his hands.

## AMERICAN LAWYER TO LEAVE BOCHE PRISON

(By the Associated Press)  
BADEN-BADEN, Germany, July 23.—Karl Hau, a lawyer of Washington, D. C., who has been serving a life sentence here for the murder of his mother-in-law, the widow of Dr. Milltor of Baden-Baden, will be given his freedom in 1925, he has been notified by the Baden government.

The government gave no reason for the pardon or for the unusual fact that it was announced four years before it becomes effective.

When the American once again takes up his work in the world he will have forgotten much of his law, for he has had little time to read, but he will be an expert table maker, at which task he has been engaged since his imprisonment began in 1906.

Hau's conviction, on circumstantial evidence, attracted wide attention in Germany. The widow Milltor, reputed wealthy and with no other heirs except her two daughters, Olga and Dr. Hau's wife, was shot in the back on the streets of Baden-Baden in November, 1906, as she was answering an alleged telephone call from a telegraph office. This telephone call is said to have been the work of Hau, intended to lure Mrs. Milltor to the street, where a man with a false black beard shot her. Hau fled to London where he later was arrested.

A barber testified he affixed a false beard on Hau that day. Hau's wife, Lina, whom he had met and married in Zurich, where they were both students, committed suicide after her husband's conviction leaving a letter in which she asked that the names of her children be changed, for she believed Hau had murdered her mother.

When convicted Hau was in the employ of the Standard Oil Company, assigned to Constantinople. He was born in Bernkastel, Germany.

## CARPENTIER IS HERALDED HERO ON HIS RETURN

(By the Associated Press.)

PARIS, July 23.—Georges Carpentier, apparently more than ever the idol of the French sporting public, because of his gallant unsuccessful attempt to capture the world's heavyweight championship, was given a hero's reception upon his arrival in Paris at noon today.

The Saint Lazare station was crowded and as Carpentier appeared, palpably surprised by the enthusiasm and affected almost to tears, he was captured by the surging crowd and borne against his will along the Rue Louvres.

Several doors and windows in the neighborhood were crashed in by the pressure of the throng. Carpentier arrived at La Harve last night from New York.

## NEW TULSA CHIEF TO BE ANNOUNCED

Gustafson Suspended by Jury on Charge of Riot Neglect.

(By the Associated Press)

TULSA, July 23.—George H. Blaine, who has been acting chief of police since the suspension of John A. Gustafson, is expected to be named permanent chief following the removal of ex-chief Gustafson by a jury in district court last night.

After being out six hours, and coming in once for further instructions from District Judge Cole, the jury decided that the former chief was guilty on both counts before them on which he was tried for removal. They charged failure to do his full duty to prevent the race riot and complicity in a police plot to permit automobiles to be stolen for rewards and collection of insurance without arrest of thieves.

The jury's verdict removes Gustafson from office and carries no further penalty unless the state elects to prosecute him on a criminal charge. Mr. Gustafson stated last night that he would file a motion for a new trial and if it was denied he would take the case to the supreme court.

It was undetermined this morning what action will be taken in the cases of Ray Ward and Roy Meacham, suspended police officers, accused with former Chief Gustafson of the automobile conspiracy count. Ward is in Mexico at present and had resigned from the department before his suspension. Attorneys for the defense intimated that Meacham may not go on trial, should he elect to leave the force.

SIX-YEAR-OLD PAIGE TOURS NORTHWEST  
With a 700-Pound Welding Outfit Visits Logging Camps.

After serving in various capacities including that of a livery "bus," and touring over all manner of rough country, a six-year-old Paige, with 51,000 miles to its credit, is about to be subjected to the hardest work of its career. Equipped with a portable welding outfit, weighing 700 pounds, this tough Paige veteran of mountain trails and desert routes is penetrating the logging country of the Northwest.

The car was purchased from Del Larson, Paige dealer at Spokane, Washington, in 1915, by Benedict Brothers of Colville, who used it for rental purposes. After being run more than 20,000 miles, in which it made several trips into Canada, it was bought in September, 1917, by P. C. Hansen, an oxy-acetylene welder.

The new owner started at once on a trip to California, traveling 2024 miles in 12 days. The route included Crater Lake, via Topsy Pass and Kalamath Falls, Oregon, and the car reached an altitude of 7700 feet by way of a mountain trail as there was no road at that time. Two other long tours were also made.

Mr. Hansen specializes in the welding of logging truck frames. As his Paige just would not wear out and remained a glutton for work he is off to the logging camps of the Northwest, carrying his 700-pound welding outfit with him.
